4 November 2025

Kerb and Footpath Reconstruction – Gipps Street Dubbo Driveway Access

Council wishes to advise that the kerb and footpath reconstruction project is progressing and well underway.

To allow for the preparation and pouring of the new concrete kerb and gutter, Council would like to advise local residents that reside on the eastern side of Gipps Street (between Wingewarra and Bultje Street) that their vehicle access will be restricted from Monday 10 November 2025. It is requested that during this period vehicles are parked on the western side of Gipps Street, or in Wingewarra and Bultje streets.

Temporary pedestrian access points will be constructed (please refer to the attached map for more detail).

Council anticipates vehicle access will return on Tuesday 25 November 2025, weather permitting.

Council acknowledges the inconvenience these works may cause, especially to local residents and businesses; and thank you for your continued understanding during these infrastructure improvement works.

Further details on the impact on traffic, and to keep up to date on the project, please visit Council's 'Your Say' page at the following link, click the '+ Follow' button at the top left-hand of the project page.
